with at	ction: Answer each question in a clear and organized paragraph. Complete your answer least 3-5 sentences that directly addresses the question. You have 25 mins to complete uplication Form and Essay questions.
1.	Why are you interested in working for us? I'm interested in working at First DataCorp because of its reputation in the IT industry and I admire how the company leverages technology to provide high-quality solutions that empower businesses worldwide. Moreover, this is where I can see myself grow given that you are an IT solution provider for different market. Where I will experience learning on how to develop different solutions based on their needs. Additionally, due to their long-standing presence in this industry, I believe that this kind of environment fosters development of great talents.
2.	Tell us about a project or accomplishment that you consider to be the most significant in your career: (If Fresh Grad, tell us something about your accomplishment as a student.) One of the projects that I consider to be the most significant in my career so far is the Easypark platform that I have developed. This project was a great learning experience for me, and it gave me a lot of confidence in my abilities as an aspiring software engineer. It also reinforced my interest in developing applications and motivated me to continue learning and improve my skills in this area. Additionally, earning my degree and graduating with a merit is what I considered by far the great
	accomplishment I have made.
3.	What are your career goals? I envision myself in a more bigger role in this industry, taking on different responsibilities and having significant impacts on different projects. I also plan to refine and develop my skills more by being a continuous learner and taking on new innovations.
